

Using GIS to *Publicize* the FDOT Work Plan

FDOT D7 Work Plan

Transportation Data Symposium

August 19, 2015

Using GIS to *Publicize* the FDOT Work Plan

- What is the “Work Plan”
- How Work Plan is currently *publicized*
- *The Dream* – Provide GIS Map/Data representing FDOT Work Plan externally
 - Easy to understand
 - Basic project info
 - Big picture

Even though *Work Program* is complex in nature it is of great interest to many stakeholders.

Jargon

What Is The Work Plan?

- a.k.a. “Work Program”
- A five year plan listing planned transportation projects
- Very LARGE -- FY15 value of projects around \$3B
- Formal legal document required by statute (**public**)
- Broken down by project/phase/fiscal year
- Typical phases = PE (preliminary engineering), ROW (Right of Way), CST (construction), etc
- Includes phase funding amounts
- VERY important to many stakeholders (public, local agencies, businesses, utilities, etc)

What Is The Work Plan?

Sample extract from Adopted Work Program document:

CITRUS

Five Year Adopted Work Program

FY July 1, 2015 Through June 30, 2020

District Seven Florida Department of Transportation

Facility	Item No.	Phase	Fund	2015/16	2016/17
----------	----------	-------	------	---------	---------

The Dream (Interactive Work Program GIS Map)

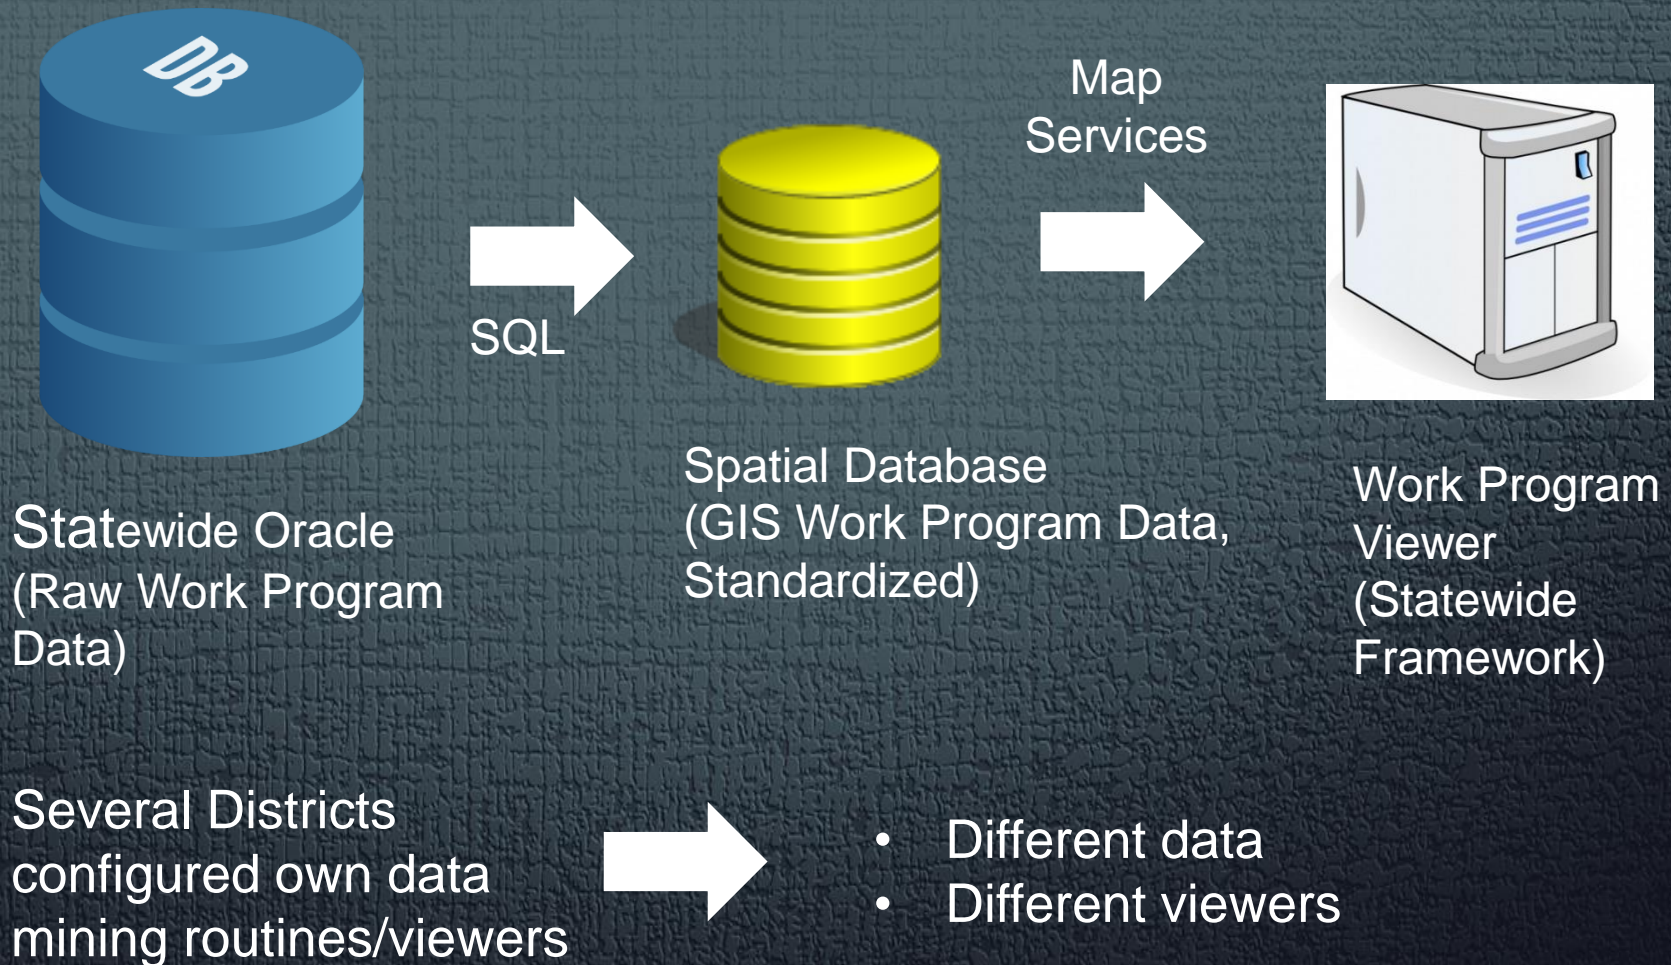

- Interactive GIS map
- Web-based, easy to find
- User-friendly for all stakeholders
- Just the facts
 - Project location
 - Basic project info
 - Project contact
- Statewide data

Statewide data

GIS DATA - No Statewide Standard

You don't have anything if you don't have good data!

WORK PROGRAM IN GIS

It's a District thing – different flavors for different districts

Different layers, different **symbolology**, different project info

▲ ☐ Work Program

- ☐ Pre-Design
- ☐ Design
- ☐ Under Construction
- ☐ Construction Complete

▲ ☐ TENTATIVE WORK PROG 2013-17

- ☐ Bridge Projects
- ☐ Capacity Projects
- ☐ Operations Projects
- ☐ Resurfacing Projects

☒ Pre-Construction All

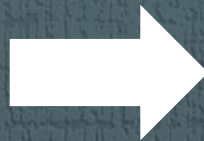

- ☐ Between Design-Construction All
- ☐ Under Construction All
- ☐ Completed
- ☐ Active Traffic Ops Pushbutton Projects
- ☐ Inactive Traffic Ops Pushbutton Projects

NEED STATEWIDE GIS DATA

- Need a statewide consistent representation of the Work Program in GIS
- Does NOT replace what Districts have developed
- Statewide GIS viewer means input from across the state

WORK PROGRAM IN GIS

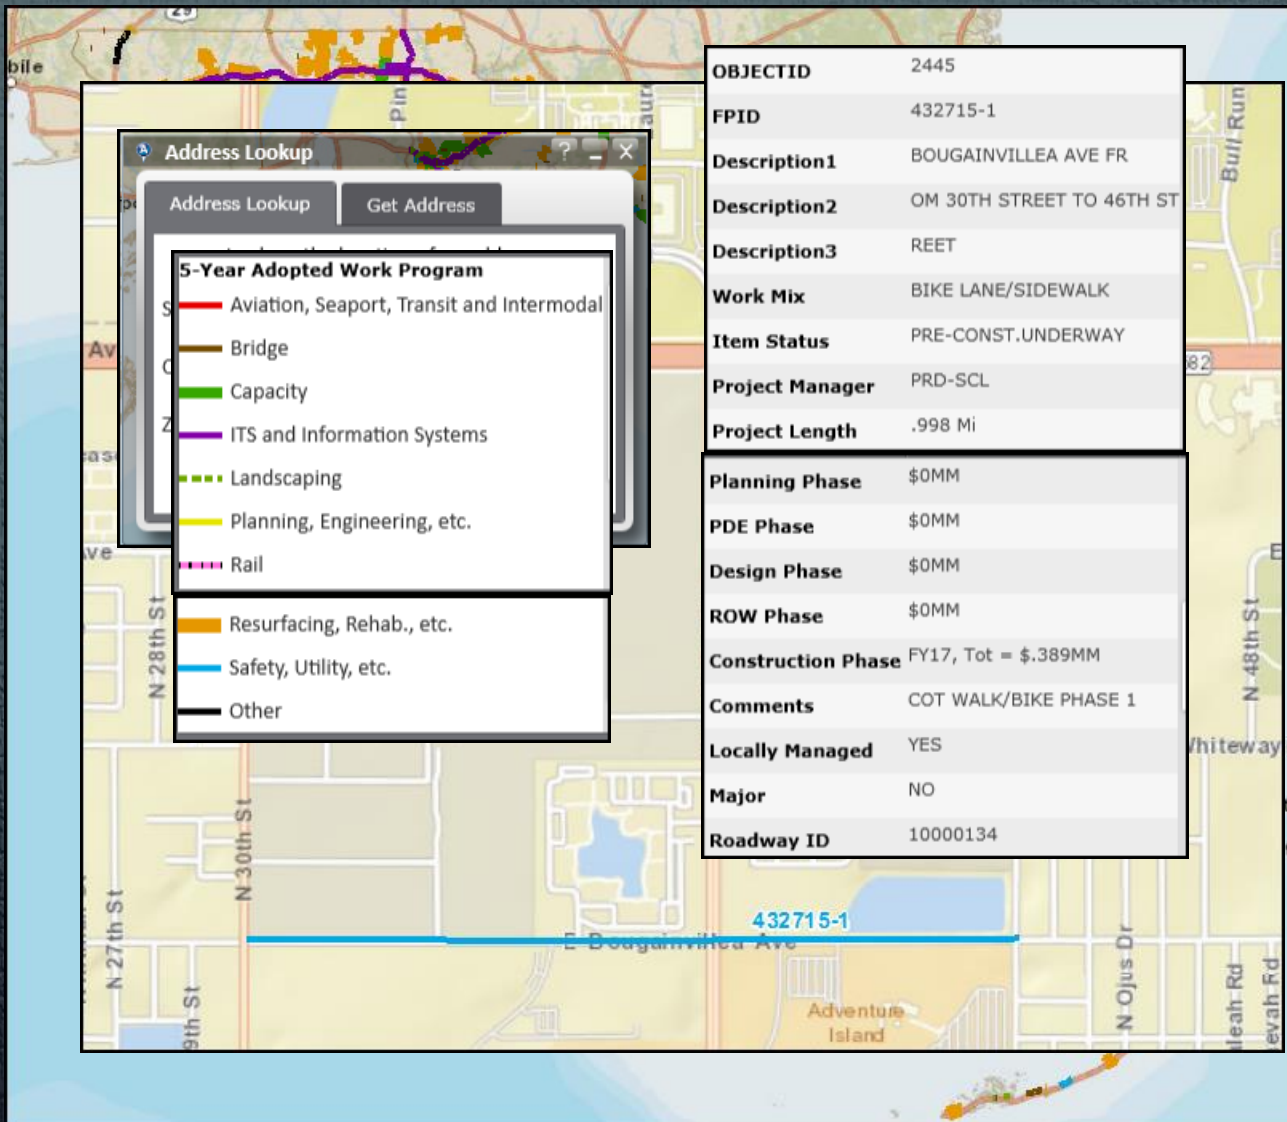

- Key Decisions
 - Adopted-Amended Version
 - Symbology consistent with Legislative Briefing document (LBD)
 - Layer Organization
 - All (default)
 - By Fiscal Year (FY16, FY17, etc)
 - By Phase (Planning, PDE, Design. ROW, Construction)
 - By Type of Work (Bridge, Capacity, ITS, Resurfacing, etc)
 - Locally Managed Projects
 - Major Projects
 - Project info should include Phase \$\$

WORK PROGRAM IN GIS

- Result of this statewide coordination effort = WPV (Work Program Viewer)
- WPV = Internal GIS viewer
 - Built on statewide framework
 - Behind FDOT firewall (need network connection)
- Not the Dream but closer to the Dream

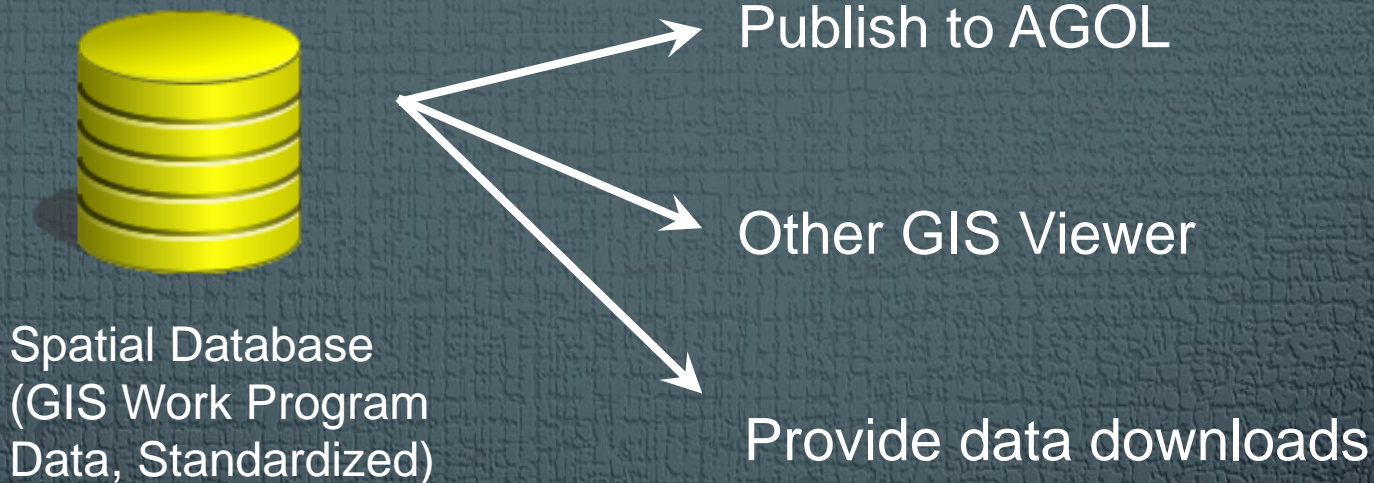

WPV (WORK PROGRAM VIEWER)

WORK PROGRAM IN GIS

Truly External Work Program Viewer/Data

Challenges to Publishing FDOT Data Externally:

- Obtain necessary approvals from Central Office
- Ensure project data QA/QC (statewide)

WORK PROGRAM IN GIS

Missouri Slogan? Show Me State

I'm not from Missouri but you'll have to show me.

Software Demo Rule: The more people that are watching the more likely you will get an "unexpected error".

[Work Program Viewer \(WPV\) 1.2 Dashboard](#)
